

## ***Cuba Riders Appeal***

For the last eight years Pete Latarche has been our subscriptions administrator. However, in his 66<sup>th</sup> year, he is giving up the job (along with some other commitments) so that he and his partner, Pam Ashton, can spend more time together with their bicycles.

By way of celebration, they are doing a sponsored cycle ride in Cuba at the end of February 2004. The ride is under the auspices of the Educational Aid to Cuba programme of the Cuba Solidarity Committee and they will be in a group of riders taking educational materials to a school for visually impaired children in Havana.

*Peter says, "I have had the pleasure of doing the basic Radical Statistics administration as one of my self employed jobs. I didn't do it for the money but because I strongly believe that Radical Statistics continues to make a vital contribution to the political life and debate both in this country and further afield.*

*And I guess that, over the last few years, you loyal subscribers to the Radical Statistics Journal have been the nearest thing I have had to steady 'employers'. So I am asking that if you feel I have given reasonable service to the Group and you want to show your appreciation, would you please make a donation to the sponsorship of our ride in Cuba, no matter how small."*

Cheques or Postal Orders should be made out to "Cuba Riders" and sent to 3 Hazelhurst Road, Bradford, BD9 6BJ.

Inter bank (BACS) transfers should be made to: the Co-operative Bank, Account No: 65120116, Bank Sort Code: 08 - 92 - 99

*"I have really enjoyed working for you and don't expect to lose contact either with the Rad Stats Group or the many friends I have made through the work."*

*"¡Vanceremos!"*
