From the Treasurer

The graph shows a worrying trend for spending to outpace income. Total assets do not include the Health Group's funds, but these are being kept in a separate 14 day account to support projects suggested by Health Group members.

It was noted that our annual subscription was £15, very low; it barely covered two newsletters per year. The AGM decided to raise the subscription to £25. This will help keep us afloat, but members must cooperate with our administrator; **please return the forms to update your subscription** (the link to the form is <http://www.radstats.org.uk/StandingOrder.pdf>). **Also, encourage others to join.** If you have a sneaking feeling that you underpaid in past years remember that donations are very welcome to boost our funds.

Those who have made generous contributions over the past year are thanked; one sponsor was Edina that paid for the printing costs of the oversized publication of the AGM 2008 Conference #97. Please come forward if you would like to sponsor some of the more expensive activities undertaken by RadStats, such as the website or coloured inserts for the newsletter.

Members' support is vital.
