For those with access to computers the next editor will take contributions preferably on 3.5" DOS discs, using Wordperfect, Microsoft Word, or ASCII text mentioning the hardware the discs were prepared on. Please also include a hard copy of the contribution. Ideally use 2 cm margins, Bookman (or alternative) 13 pt for text, 18 pt bold for subheadings, 18 pt italics for your name, and 24 pt bold for headings. If you haven't got access to a computer, paper is quite acceptable, but a lot of extra work for the editor.
