

## **Reviewing Process**

The current proposal is as follows:

Radstats would like to welcome members to review books. We are open to suggestions and can discuss any topics or titles.

If you would like to review a book, please let me know by responding to this email. We will do our best to arrange a complimentary review copy. Book reviews are expected to be in the x - x word count, but we're flexible.

Free books, share your impressions with other readers, help the journal! Please get in touch.”
