

Radical Statistics 2021 Conference Announcement

***Class and Inequality in post-Industrial Capitalism***

**Saturday, 27<sup>th</sup> February 2021**

**10am – 4pm**

Following discussion at the 2020 AGM, RadStats 2021 Conference *was* to be hosted jointly with the Newcastle Literary and Philosophical Society.

A decision will be finalised by the Troika in November, but an ordinary in-person conference is looking fairly unlikely. BUT – we will endeavour to make this year's conference better than ordinary!

Programme organiser lead is Dave Byrne, and the organisers can be reached at [conf21@radstats.org.uk](mailto:conf21@radstats.org.uk).

Papers on other related topics are also welcome. Please get in touch with comments and suggestions, and paper proposals.
